## Hanley Housing Authority

### **Hanley Housing Program**

The Hanley Housing Authority on behalf of Saskatchewan Housing Corporation, offers the Social Housing Program. This program is designed to ensure that safe, adequate housing is available to those who could not otherwise afford it. Our tenants benefit from a safe place to call home, a community they can enjoy and peace of mind.

### **General Requirements for Housing**

Applicants must meet income and asset limit requirements to be eligible for the Housing Program. All applicants are required to complete an application form and provide verification of income and assets, as requested.

### **Review Process**

Applications are reviewed for eligibility and approved by the Housing Authority Board of Directors. We utilize a point score system that considers adequacy, suitability and affordability when determining the priority of need.

Once approved, units are allocated upon availability on a priority based, point score system.

Additional Information Senior housing rent is based on income – 30% of gross household income, collected via pre-authorized payment.

Units are smoke free – No smoking in the units by tenants or guests. Housing tenants are responsible for obtaining and paying for their own power. Heat, water/sewer are included in the rent.

Any questions related to the Hanley Housing Authority should first be directed to the manager.

All requested income information and previous landlord references must be included or application will not be processed.

**Gift card available to qualified referrals.**

## **Hanley Senior Activities Past & Upcoming**

The Seniors Winter Quilting Project runs every Tuesday afternoon from December to March each year. Many hands work on these lovely quilts. Some of the material was gratefully received from a few sources this year. "Thank You" to Bernice Presnell and Vera Falk.

The many quilts require lots of fill and fleece for backing, and these items must be purchased. So in order to raise some money for it, we have some private purchases and the Mennonite Ladies Aid donate funds also. Thank you to all for this monetary support, without it we could not continue!

We extend our appreciation to Margie Dyck and Joyce Armstrong for their sewing expertise this winter. Margie worked from home sewing the three levels of material together and delivering them to the Hanley Senior Centre. While Joyce completed sewing on site, on a sewing machine that was graciously donated to the Seniors. The ladies then mark and tied the quilts to a finished product. "Thank you" to everyone who participated.

The quilts found multiple homes this year; 54 went to MCC (Mennonite Central Committee), 2 private sales, some to Royal University Hospital cancer clinic and more distribute by Dr. Epp, an obstetrician at LaLoche for moms with babies or needy children.

Mr. Graham McDonald from MCC came for a visit this year to see where the quilts were completed and who all is involved in the completions. He commented that the Senior Centre was a good place to work and was especially interested in a completed quilt on the wall of the Centre which displayed an image of the past Opera House.

Plans for the upcoming quilting season will include a new recipient group of Aids or HIV patients plus trying to meet the demand of the existing recipients. Unfortunately, there are so many needs, and we can only make a small difference, so we do the best we can.

The project serves as an entertainment and comradery for the ladies during the dreary winter months while producing lovely and artfully designed quilts for recipients. Come out and try it next winter!

Heads up anyone interested in playing pool.

The Senior Centre has the cues all fixed up and ready to go. Now that the quilting is done the pool tables are accessible again and Tuesday afternoon is available to accommodate 2 tables of pool.

So all you pool sharks (or wanna be's) come on down and have a game!

**At our April Meeting:**

Public Works Foreman, Ben Collins attended the meeting to report and receive updates and concerns from the Council.

After our RCMP report, the Council decided they were in agreement with the Policing Priorities for the Saskatoon Detachment. These priorities are:

Community Safety Through Crime Reduction (Rural Crime)

(1) Enforcement – Prolific Offenders – Property Related Crim; Drugs; Traffic

(2) Visibility – Rural Patrols, School and Community Visits and Presentations

(3) Intelligence Lead – Intel Gathering; Rural Crime Watch Groups etc.

A Railway Crossing Maintenance Agreement was finalized, signed and forwarded to Agvantage Development Corp for signatures.

The Council discussed the use of e-transfers to accept payment of utilities or taxes. The Town auditor wasn't sure if it was a secure way for people to pay the Town but feedback from payees appreciate the use of e-transfers as there are a couple banks that the Town couldn't get set up with for online banking. A Policy was drafted but Council decided to continue with accepting e-transfers the way the office has been but encourage payees to stay on top of payments they have made to the Town to ensure the payments are being directed accordingly.

Water utility users in arrears were to have the service discontinued if not paid by April 13/18. The Council want to remind water users that if the utility invoices are unpaid 30 days after the billing date, that they will incur a 2% penalty starting July 1/18. Hopefully this will encourage monthly payments or on-time payments so the office staff is not having to continually remind people to pay.

The Summer Student advertisement posters went up throughout the Town. The Council will be hiring at the May meeting.

It was decided to celebrate Emergency Measures Week again this year with a draw for a case of water bottles. Anyone that has registered and living in the Town of Hanley will be eligible for the draw to be made on May 11. The EMO Coordinator has arranged a team meeting with an Emergency Services Officer that will be held in May. The EMO Coordinator attended a WaterWolf members meeting where Emergency Planning was discussed. She reported that the Fire Commissioner's Office knows about our Fire Hall project and they are happy with how we are building it and look forward to having training sessions here for the region.

The Animal Control Officer decided to resign but luckily Suzanne Coghill applied and was accepted under the contract agreement as per

**RULES RULES RULES!**

The Town Office frequently receives the following question: "Why doesn't the Town just go clean up that yard and charge the owner?"

Good question! The answer you would get is that we would be trespassing on private property if we just sent a crew in to clean-up. The Province has provided us with a legal means to proceed with nuisance yards. *The Municipalities Act* provides municipalities with the authority to pass a Nuisance Abatement Bylaw ("the Bylaw"). Please refer to our March Issue of the Hermes.

The Town Office also has received many concerns in regards to heavy traffic within the residential side of the Town limits:

**Weight Restrictions and "Truck Route"**

The Town of Hanley has a bylaw that restricts the weight of vehicles on Lincoln St. to 8,000 kg. Otherwise, the weight restriction throughout Town is 35 tonnes except for Duncan Rd, Wellington Cres, Wall St., Bond St. and the 764 grid where the weights can be over 35 tonnes for services within the Industrial Park. Other exceptions to the weight restriction are: Loraas Disposal supplying services to the 200 & 300 Block of Lincoln St.; emergency vehicles; and, residential delivery vehicles supplying services to the 200 & 300 Block of Lincoln. The Council has designated a "truck route" to suggest that the heavier vehicles (over 8 T and under 35 T) take this route to contain them to a smaller area but currently, the Town's traffic bylaw allows vehicles under 35 T on any street within the Town limits. The containment of heavier vehicles on the "truck route" helps with more maintenance of those streets and hopefully, less on the rest of the streets.

**ANIMAL CONTROL**

There has been an awful lot of **doggie doo** on the sidewalks and public areas this winter. Please pick up after your pets!

We have a new Animal Control Officer! Suzanne Coghill will be handling the position and can be contacted at 306-713-2871 for concerns in regards to pets.

Please be a **responsible** pet owner and keep your pets licensed, under control and cleaned up after!

### **2018 Taxes for the Town of Hanley:**

The Council for the Town of Hanley started a 3-year program starting in 2017 to get the minimum taxes to a level that is more closely reflected in other communities in our area.

In **2017**, the minimum tax for empty residential land was increased from \$53.50 in 2016 to \$106 and land with improvements from \$572.89 in 2016 to \$700. Commercial minimum tax for empty land was increased from \$53.50 in 2016 to \$159.00 and land with improvements from \$678.98 to \$800.

For **2018**, the Council will be changing the Commercial mill rate factor to 1.28 with the minimum for empty land set at \$262.35, and land with improvements \$920. The residential minimum tax for empty land will be \$174.90, and for land with improvements \$805.

The comparisons that were done with other smaller communities ranged from \$175 to \$850 for empty residential land and \$800 to \$1200 for residential land with improvements. No concession for empty commercial land was provided for these communities but their commercial land with improvements ranged from \$800 to \$1200.
