Hanley Seniors

Exercise and social interaction are two very important things to get out of the house for.

The days are getting longer. Enjoy the sun and fresh air when you can.

Join us (anyone 55 and up) or stop in to say hello for:

Forever in Motion fitness Monday afternoon. 1 - 1:45 pm.

Chair exercises Wednesday and Friday mornings. 9:30-10:15 am

This one is fast paced with music - a great cardiovascular workout without risk of falling.

Coffee Tuesday mornings 10:00 am

Crafters coffee and tea. Tuesday afternoon 1:30-3:00 pm

Bring your knitting or other project to work on or share ideas.

Campground

Thanks to SaskLotteries, the Town was able to

purchase firepits for the campgrounds!

Why Do I Need a Civic Address?

Civic addressing enables the quick identification of your property by emergency service personnel (RCMP, Ambulance and local fire departments) and avoids confusion. Thus, it is important to post your assigned house numbers in a visible location on your house/business or at the end of your driveway.

Did you know?

- That the Town Council has a policy: "Mowing of grass on lanes and boulevards are the responsibility of the ratepayer."
- That the Town Council has a bylaw that reads: "No owner or occupant of land shall cause or permit hedges or other landscaping to be overgrown over any public sidewalk as to obstruct or partially obstruct pedestrian traffic." and;
- "No owner or occupant of land shall cause or permit the land to be overgrown with grass or weeds. "overgrown" means in excess of 0.2 metres in height."

Did you know?

On January 1, 2022, the Construction Codes Act and Building Code Regulations came into effect in Sas-katchewan replacing the Uniform Building and Accessibility Standards Act and Regulations (UBAS Act and Regs), respectively. The Building Code Regulations has the following requirements that will come into force on **July 1, 2022**:

Every building that contains a residential occupancy is required to have smoke alarms installed inside **each bedroom**, in the **bedroom corridor**, and **each storey without a bedroom**. These smoke alarms are permitted to be battery operated. **If** the building was constructed before June 6, 1988, then the batteries used for the smoke alarms must be 10-year batteries (see photo attached for example of 10-year battery alarm). Every building that contains a residential occupancy is required to have a carbon monoxide alarm installed inside **each bedroom OR** within 5 m (16') of **each bedroom door**. These carbon monoxide alarms are permitted to be battery operated. **If** the building was constructed before October 1, 2009, then the batteries used for the carbon monoxide alarms must be 10-year batteries (see photo attached for example of 10-year battery alarm).

What does this mean for owners?

If your house/condo/duplex/etc. is missing smoke and/or carbon monoxide alarms in the locations listed above, then as the owner it is your responsibility to install the missing alarms.

What does this mean for the municipality?

In speaking with Building Standards, the municipality and building officials are not required to enter every property to ensure that these alarms are installed. However, when a building official does enter the building for other reasons (building permit related), then we do have to provide due diligence by verifying the installation.

The Fire Hall sign was erected by WayLyn Signs this spring and finishes off the outside of the building!
