### *Bouquet Corner*

Thank you to all residents who helped support my daughter, Lizzy Ettinger and my trip to London, Paris, Venice, Rome and Capri with Culture Club 2016. It was an amazing trip from March 21-April 1, 2016. We appreciate all the support we have received since moving to Hanley in November 2013. If you are interested in seeing pictures, stop by Brightwater Insurance to arrange a time that works. Thank you, Linda Safinuk

## ***WHY PAY MORE???***

What if you could get better insurance then what the bank offers when you get a mortgage or loan?...

A policy you own and control

You decide who gets the money

Insurance that does not decrease with each payment

Fully underwritten so your policy is guaranteed

Not only is the insurance better, the cost is as well

### **Stop spending and start saving.**

Contact me for all your insurance and investments needs.

I can help you save and plan for retirement.

## ***FIRE PROTECTION***

### **FIRE EXTINGUISHERS**

#### **READ THE INSTRUCTIONS ON YOUR EXTINGUISHER FOR PROPER USE.**

Create a picture in your mind that will reflect the instructions on the extinguisher: if there's a fire, get everyone outside and ask a member of your family to call the fire department from a neighbour's house. Only then should you permit yourself to fight a **small fire**. If the fire becomes large, get out. Close doors behind you to slow the spread of the fire.

#### **THE ABCD'S OF PORTABLE FIRE EXTINGUISHERS:**

A fire extinguisher is a storage container for an agent like water or chemicals. It is designed to put out a small fire, not a large one. Extinguishers are labelled ABC or D. Ensure you use the right extinguisher for the appropriate type of fire.

**Ordinary Combustibles** – Fires started with paper, wood, drapes and upholstery require a Class A type extinguisher.

**Flammable and Combustible Liquids** – Fires originating from fuel oil, gasoline, paint, grease in a frying pan, solvents and other flammable liquids require a Class B type extinguisher.

**Electrical Equipment** – Fires started with wiring, overheated fuse boxes, conductors, and other electrical sources require a Class C type extinguisher.

**Metals** – Certain metals such as magnesium and sodium require a special dry powder Class D type extinguisher.

A multi-purpose dry chemical labelled ABC puts out most types of fires: wood, paper, cloth, flammable liquids and electrical fires. If you intend to buy more than one, you may want to purchase a BC for the kitchen, an A for the living room and an ABC for the basement and garage.

### ***HANLEY/ROSEDALE FIRE DEPARTMENT***

The Hanley Fire Brigade 50/50 Lottery has started up again. Be sure to purchase into the 50/50 for 2016 and help purchase equipment for our brave firefighters.

#### **Fire Hall lottery winners:**

Travis & Stephanie Laventure c/o  
 Brian Hanson c/o  
 Don & Deb Suttie \$137  
 Jody Buckley c/o  
 Helen Archibald \$72

Helen Archibald \$36  
 Ed Melo \$37  
 Helen Archibald \$38  
 Bill Byrd \$38 (Donated back)

## **ANIMAL CONTROL**

Below is part 12 of a series of notes from "An Enlightened approach to companion animal control for Canadian municipalities":

### **OTHER ANIMALS AS PETS**

Some people select other animals as pets. These animals have specific needs (behavioural, environmental, social and nutritional) that must be met. Responsible pet ownership practices are no less important. All the following criteria should be taken into account when considering other animals as pets:

- Species ownership is supported by the existence of published information pertinent to its proper animal husbandry and veterinary care requirements
- Species ownership does not pose a significant threat to public health and safety
- The species in question does not represent a significant threat to native (indigenous) wildlife populations
- Species ownership is permitted under provincial, federal or international laws and regulations, such as the following:

*Convention on the International Trade in Endangered Species of Wild Fauna and Flora* (CITES). Canada is a signatory party.

*Wild Animal and Plant Protection and Regulation of International and Interprovincial Trade Act* (WAPPRITA). Federal statute administered by Environment Canada (Canadian Wildlife Service)

At the provincial level, pertinent regulations usually fall under the Ministry of Agriculture and/or Ministry of Natural Resources (Fish and Game Department)

**NOTE:** Information on all these regulations can be obtained from the local provincial conservation officer or game warden.

### **CURLING CLUB**

#### Attention Curling Club Members and Town of Hanley:

This letter is to advise you of the current difficulty the Hanley Curling Club is facing. At the end of this season, our current president is resigning after a lengthy 5 year term, leaving only 2 remaining executive members on the board. Unfortunately, this is an inadequate number of volunteers to solely run and maintain the operation of the curling club. We are desperately seeking help from the curling club member base as well as any other community members that would be willing to join the board or help with the operation of the curling rink. The curling season is fairly short with very little responsibility in the off season. Our hope is to keep the curling rink operational but without new board members, we are in a very difficult position to keep things operational.

For further information or to lend a hand please contact Ryan Grindheim—544-7868 Christine Catton—270-3777 or Dawn McPhee—230-9926.

Everything is awesome!

### **FARMERS ALMANAC LONG RANGE WEATHER FORCAST**

**JUNE 2016: TEMPERATURE 14.5°C (1°C BELOW  
AVG.); PRECIPITATION 95MM (20MM ABOVE  
AVG.)**

**JUN 1-6: A FEW SHOWERS; COOL, THEN WARM**

**JUN 7-13: SCATTERED T-STORMS; WARM EAST,  
COOL WEST**

**JUN 14-26: SCATTERED T-STORMS; WARM, THEN  
COOL**

**JUN 27-30: T-STORMS, THEN SHOWERS, COOL.**

### **EMERGENCY PREPAREDNESS**

#### **Hail**

If hail is forecast, you may want to protect your vehicle by putting it in the garage.

#### **Heavy Rain**

Consider checking the drainage around the house to reduce the possibility of basement flooding after a heavy rain.

#### **Thunderstorms**

Before a severe thunderstorm, unplug radios and televisions - listen for weather updates on your battery-powered radio.

**To commemorate Emergency Preparedness Week, the Council for the Town of Hanley purchased a basic emergency kit for a draw for the residents of the Town. Peter Wick was the lucky recipient.**

Did you hear about the cat who  
swallowed a ball of yarn?  
- She had a litter of mittens.

Thank you so much to all those who generously helped in providing, planting and watering the flower pots at the Centennial Hall and Cenotaph. A special thanks to Brightwater and Holland Greenhouses for donating the plants; to Bill Harris for cleaning the old plants to make way for the new; to Ben for moving the pots in front of the Hall; to the enthusiastic kids who helped to plant the flowers and to the Seniors for bringing cookies and lemonade.

*Thank you!!! - Marg Peters*

### **TRANSFER STATION HOURS**

**Summer hours: Tuesdays & Thursdays 5-9pm,  
Saturdays 10-5pm**

Because of an infraction at the transfer station, where a headboard was put in the tree pile; we are not signing out the key from the Town Office. If you need to use the transfer station, you must do so during the allotted days/hours. Our good faith in those using the transfer station has been compromised due to the infraction, so you can thank the guilty party for ruining it for everyone else.

### **NEIGHBORHOOD WATCH**

The Neighborhood Watch program is aimed at reducing crime in the community. It involves getting to know your neighbors and introducing them to the concept of Neighborhood Watch - that is, good neighbors working together, alert to the potential of crime and willing to look out for one another's interests. Neighbors working together through Neighborhood Watch can combat crime in their area in the most effective way - before it starts. A police officer patrolling your community may not recognize a stranger inside your yard or an unusual vehicle in your neighborhood, but your neighbors would.

### **June, 2016 Bizarre, Unique and Special Holidays**

#### **Month:**

- Aquarium Month
- Candy Month
- Dairy Month
- Fight the Filthy Fly Month
- National Accordion Awareness Month
- National Adopt a Cat Month
- National Fresh Fruit and Vegetables Month
- Rose Month
- Turkey Lovers Month

**I went to buy  
some camouflage  
trousers today,  
but I couldn't  
find any.**

**Hanley's 2nd Annual  
Royal Ball and Super  
Hero Gala—Date  
TBA (sometime this  
fall)**

***SENIORS*****Hanley Senior Citizens Inc. News Around Town**

The Annual Meeting was held on April 27<sup>th</sup>. The two new members elected to the Board of Directors are Bev Goff and Sylvia Unrau.

**Hanley Senior Activities Past & Upcoming**

Hanley Seniors hosted a New Horizons Information Session on Tuesday May 10. Joy Bateman, who is with Service Canada, led an informative discussion on grant applications.

The Hanley Community Choir came out to sing on May 13.

Fern Haight, Gail McRae and Sylvia Unrau have prepared a report on Hanley Isolation Projects to be presented at the Saskatchewan Seniors Mechanism Conference in Yorkton on June 1 and 2<sup>nd</sup>.

A Seniors/RBC Flower planting event is scheduled for June 4 at the Cenotaph.

Bingo – June 9 at 2:00 p.m.

**Weekly Events Ongoing****Mondays**

8:30 AM coffee's on

2:00 PM Forever ... in motion exercises

7:00 PM Canasta at the Elks Community Room

**Tuesday**

2:00 PM Quilting group meets during winter months

**Wednesday**

9:30 AM Exercises

2:00 PM Cards, marbles, or other games

**Friday**

9:30 AM Exercises

2:00 PM Cards, marbles, or other games

**Saturday**

7:00 PM Games of some sort for the winter season

We have lots of activities on the go so feel free to join us or just stop by for a coffee which we have

after each activity.

**REMINDER****History Books**

The club has family Hanley History books for sale if anyone is new to the community would like one or if anyone local wants to have a book.

## **HANLEY CENTENNIAL COMMUNITY CENTRE**

Book now for your event to make sure you get the date you want. Bookings will be taken at the Hanley Town Office @ (306) 544-2223 or email [townoffice@townofhanley.ca](mailto:townoffice@townofhanley.ca).

The Annual General Meeting for the Community Centre was held Apr. 12 in the Clubroom. The 2015 financial statements were reviewed and adopted.

Gordon McGregor reported on maintenance that had been completed over the last year. There was a poor turn-out for the clean-up day so there wasn't as much accomplished as the committee would have liked. Painting was done in the washrooms and the Health Room had crack filling and the replacement of a ceiling tile. That room will be painted as time allows for volunteers. Caution tape was placed in the hallway in the area that has a bumpy slope. The fan in the ladies washroom was replaced and the ones in the Health Room and men's washroom will be replaced. The hardware on the new main door was fixed and was working better for the time being.

It was decided to purchase Exit decals for the clubroom rather than security lights.

Marie Sira offered to fill the treasurer position so Marlene Simonsen could retire from that position. Thanks Marlene for the many years you served on the board!

The Club 52 lottery was reviewed to discover that due to the low purchase of lottery tickets and the amount of time spent on this lottery that the committee decided to not renew the lottery for the next year. Thank you Cindy Hoffman for your administration of this lottery and the many volunteers that phoned people and collected moneys!

There was a suggestion brought forth from outside this meeting to purchase an automatic door opener for the main door. The suggestion was rejected at this meeting.

A request was to be put forth to the 2017 Culture Club to do some housecleaning in the kitchen and the Secretary was to contact Leanne Leuschen to inquire. After speaking to Leanne, it was decided that the Culture Club would clean both the kitchen and the bar area.

### ***DID YOU KNOW?***

June, named after Juno, the goddess of marriage, is the sixth month of the year, and is one of the four months with a length of 30 days. Just like the month of May, no other month begins on the same day as June. This is also the month with the longest daylight hours of the year.

June's birthstones are the Alexandrite, the Moonstone, and the Pearl. Alexandrite represents health and longevity. Moonstones represents change, new beginnings and the shifting tides of emotion and can help a wearer to alleviate stress, especially due to sudden changes in life.

Moonstone is also believed to increase intuition and aid in lucid dreaming. Pearls symbolize purity of heart and faith, as well as growth and transformation through difficult circumstances.

Its birth flowers are the honeysuckle and the rose. Honeysuckle traditionally stands for bonds of devotion, love, fidelity and generosity. Few flowers have as many meanings attributed to them as the rose.

Depending on the type of rose, roses can indicate romantic love, secrecy, desire, gratitude, mourning, impossible hopes, modesty, joy, love at first sight, innocence, sacrifice and much more. In the traditional language of flowers, roses are among the most important flowers.

### **Roses by the Numbers**

- *A single rose of any color depicts utmost devotion*
- *Two roses entwined together communicate "Marry me"*
- *Six Roses signify a need to be loved or cherished*
- *Eleven roses assure the recipient they are truly and deeply loved*
- *Thirteen roses indicate a secret admirer*

*Notes from the Town Office***At the April meeting of Council:**

Correspondence was received from the RM of Rosedale in regards to the Clearing the Path designated roads funding and a request for clarity was returned.

No representations or submissions were received in regards to Bylaws No. 5/16 and 6/16 and they were adopted to amend the Zoning and Official Community Plan maps. A Bylaw to reduce the speed to 60 km/hr on the Town's portion of the 764 Grid for vehicles over 35T was also adopted. We should be seeing even more heavy vehicles going down that road as construction continues in the Industrial Park.

Advertising for a summer student is to take place over the next month with applications received till June 10.

Community Event Permits were issued to the Artificial Ice Committee for a street hockey tournament and social being held on June 4; and to the Ag Society for the Ag Fair being held the weekend of June 17 & 18.

The Policy for waterworks installations was amended to define the type of hydrants that will be allowed on new development.

2015 Utility reserves were transferred to a reserve account. These funds will assist in planning for major water main replacements.

A Certificate of Completion request was reviewed and denied at this time for Bond and Wall Streets and Duncan Road till such time as provisions of the servicing agreement are met.

Mayor Marv Gerbrandt declared the week of May 1 to 7, 2016 as Emergency Preparedness Week. To commemorate this, on suggestion of the Emergency Measures Coordinator Cindy Hoffman, the Council purchased a basic emergency kit to be drawn for on May 6 in a lottery which would consist of one names from each household within the community.

Building Permit charges were reviewed and a bylaw amending the current charge was adopted. In order to assess the new buildings, the Saskatchewan Assessment Management Agency does a maintenance review in the fall of properties that have seen improvement through the building permits. They charge \$20 per inspection so the building bylaw fees needed to reflect the amount of this charge plus an administrative charge to offset the time taken for review; approval and submission of the permit; and collection and payment of fees.

A bylaw to amend the Official Community Plan whereas the development permit fees would be removed from the OCP and set up as a separate bylaw was introduced.

The Administrator was instructed to prepare and Infrastructure Investment Plan and submit it to the Gas Tax Fund for the lagoon dredging project.

A junked vehicle was declared a nuisance and order to remedy is to be sent by registered mail to the owner of the property. The 2016 budget was adopted.

**At the May meeting:**

A representative from Emterra attended the meeting to discuss options for solid waste removal.

The proposal from Roy & Sons was approved for the dredging of the lagoon.

No representations or submissions were received in regards to Bylaw No. 9/16 so the bylaw to remove the development permit fees from the OCP and create a separate bylaw was adopted.

A number of applications were received for the summer student job. While all the applicants were deemed to be acceptable for the position Jill Kroeger will be offered the position.

A nuisance property that has not been remedied was reviewed. The Administrator was instructed to request a structural engineer to examine a building that the nuisance is attached to after speaking to the owner of the property. The junked vehicle order from April's meeting was noted as remedied.

Authority was provided to Jason Heo to discharge a pellet gun on his property as pest control.

Approval was given for the Public Works Foreman and CAO to attend a water meter replacement program seminar in Saskatoon on June 14.

### *Notes from the Town Office continued...*

A request was received by Council to allow camping on private property. The Council decided that two campers could be allowed but the Zoning Bylaw does not permit this type of request.

Utility arrears over 90 days were reviewed and the CAO instructed to disconnect services to users on Monday, May 16 if payment arrangements are not made by Friday, May 13.

#### **2016 BUDGET FOR THE TOWN OF HANLEY**

Notable entries for the 2016 budget for the Town of Hanley are as follows:

##### **Capital projects:**

The plan for sidewalk replacements are ongoing with another \$15,000 budgeted. Areas on Lincoln St. have been completed. \$6,000 of the Gas Tax Fund will be allocated to this project.

A new handheld unit for the electronic meter readings was budgeted for as the current one is outdated and no longer supported by Neptune. A new reader will not be purchased unless necessary. \$10,000 is allocated for this purchase if required.

##### **Larger repair and Maintenance projects (Asset Management).**

Lagoon dredging will be completed with a budgeted amount of \$45,000. This must be done as the sludge build-up is restricting the new sewage release. The material is over-top of the inlet pipe and is creating a back pressure on the system. This was last done in 2000. Gas tax funding is applied for in the amount of \$23,111 which reflects the remainder of this fiscal year allocation.

The south end of First St. will see some construction this year installing a culvert to improve drainage and build up the street itself. The RM of Rosedale is also building up the southernmost end of their road so this project will flow with theirs. The Town will also be contracting to have the shoulders pulled up on the Town's portion of the 764 Grid. You will also see skim coating and crack-filling on Lincoln St has been completed. \$17,000 was allocated for these projects.

Dust control will be applied again as it was a successful test in 2015. Most of the same streets will have lignosulphonate applied but Grant St. will be added and First St. removed. As the generator seems to be working as it should for the water plant, the feasibility of wiring in the Town shop will be investigated and completed if possible. In the event of a power outage especially during the winter, it is important that the Foreman can have equipment functional. An amount of \$25,500 has been budgeted for these projects.

Repairs are needed for the mower and grader so \$26,000 has been budgeted for equipment repair, parts and tools.

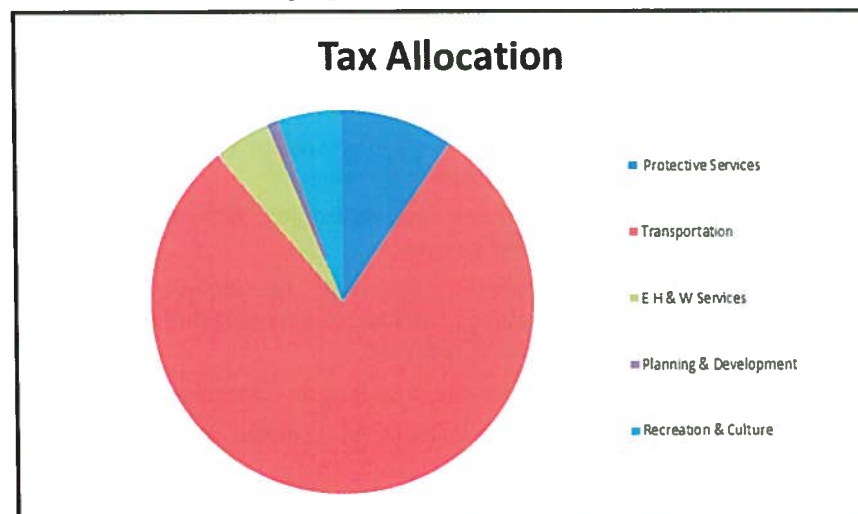

The gravel budget has been doubled in 2016 to accommodate extra gravel required for the First St and 764 projects (\$30,000).

A radar speed sign has been ordered so \$6,700 was budgeted to cover that and other signage that may be required. \$5,000 will be awarded to the Artificial Ice committee in the form of a grant.

The water plant has been needing siding for a number of years so \$5,000 has been budgeted.

Major repairs to the lift station were reviewed but looking to the future, if the Town sees further development in Bodeman Court, a new lift station may be required so major repairs were not budgeted for.

All of the above plus day-to-day expenses will be accomplished without increasing the mill rate for 2016. The complete budget may be viewed at the Town Office during regular office hours.

**Golden Rules:**

If you open it, close it.  
If you turn it on, turn it off.  
If you unlock it, lock it up.  
If you break it, admit it.  
If you can't fix it, call in someone who can.  
If you borrow it, return it.  
If you value it, take care of it.  
If you make a mess, clean it up.  
If you move it, put it back.  
If it belongs to someone else and you want to use, get permission.  
If you don't know how to operate it, leave it alone.  
If it's none of your business, don't ask questions.  
If it isn't broken, don't fix it.  
If it will brighten someone's day, say it.  
If it will tarnish someone's reputation, keep it to yourself.

## Support Local Housing

**Volunteer to serve on the Hanley Housing Authority Board of Directors**

The Hanley Housing Authority delivers rental housing programs on behalf of Saskatchewan Housing Corporation, a Government of Saskatchewan Crown Corporation. The clients of these programs are households with low or moderate incomes, including families, seniors, and people with disabilities.

The Hanley Housing Authority Board of Directors is responsible for ensuring the efficient and fair delivery of housing programs and administration of property within its jurisdiction. Board members are not expected to attend to administrative or maintenance tasks personally.

If you are interested in using your knowledge and skills to help others, contact the Hanley Housing Authority Manager, Jayne at 306-514-0628 or the Town of Hanley at 306-544-2223 for more information and a nomination form.

 March (West Edmonton Mall) –Ken & Irene Froese  
 April (Fenway Park-Boston) –Curtis & Cindy Prosofsky  
 May (Loreto, Mexico) –Florence Pillipow

### ***Culture Club 2016***

Culture Club 2016 would love to extend a huge thank you to everyone for supporting this incredible cultural experience.

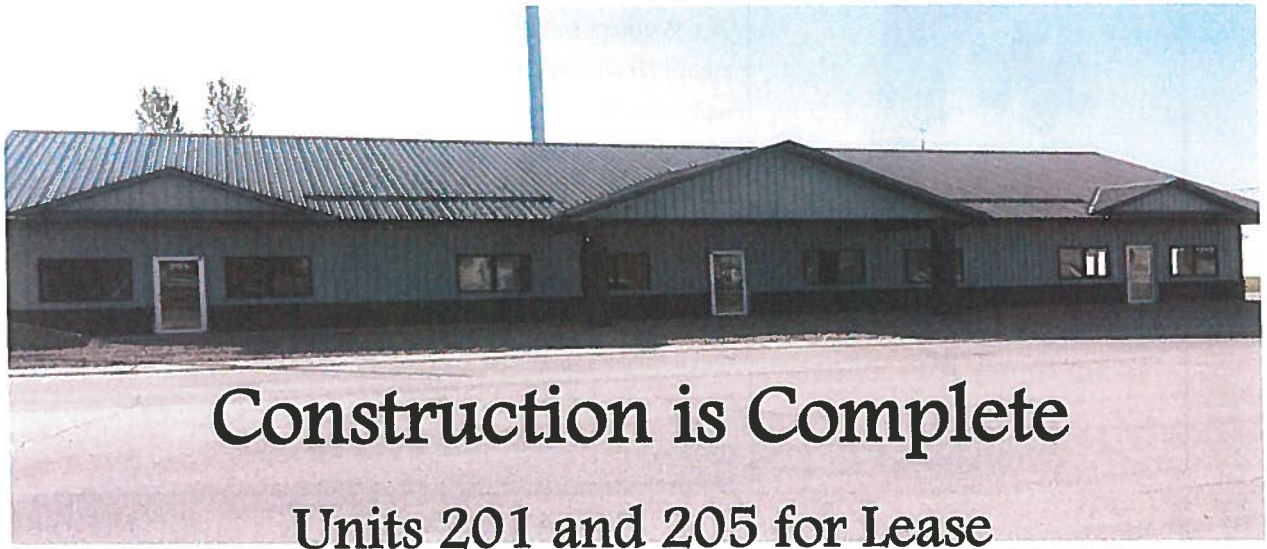

We had a very busy tour with traveling to 4 different countries in 12 days. The places we visited included London-England, Paris-France, Venice-Italy and Vatican City and we finished off with a beautiful extension to Sorrento and finally the Island of Capri-Italy. Planes, trains, buses, boats and ferries are how we moved around Europe. We experienced a three hour train ride through the Chunnel tunnel from the UK to France where we were under the ocean for 20 min. We also had a 14 hour over night train from Paris to Venice. We slept in very small quarters and were rocked to sleep by the sway of the train. In addition, there was a three hour high speed train from Venice to Rome with speeds topping at 300 kph. We travelled by boat to the island of Venice, a Gondola ride while in Venice and then ferried to the island of Capri. I've been asked several times what was the highlight of this journey across the world with 10 amazing students and 5 remarkable chaperones. My answer is THE TRIP! We hit the ground running on day one and never stopped. Each day was full of history, food, adventure and fun! Every day had their own WOW moments. There were so many sights to see which included Big Ben, Windsor castle, The Louvre, Eiffel Tower, Arc de Triomphe, Versailles, Venice the city with no cars, the Coliseum, the Vatican, Pompeii, the heat of Capri, just to mention a few. I have to say watching each of these students have an AWE moment was by far the most memorable for me. Feel it, taste it, touch it, smell it is what I believe. The truth be told - travel changes you. I feel very blessed to have watched it happen before my eyes. So once again on behalf of CULTURE CLUB 2016 I just want to thank you Hanley, Dundurn and surrounding communities for supporting this life changing experience.

Sincerely, from our hearts,

**Students:** Hanna Anderson, Cole Benko, Nathan Davis, Lizzy Ettinger, Hannah Fehr, Jill Kroger, Peyton McPhee, Brody Richmond, Hank Safarik, Bobbie Wick

**Chaperones:** Corrine Anderson, Vern Benko, Brook Davis, Christin McPhee, Linda Safinuk,

**Group Leader:** Tanya Richmond

### *Hanley 4-H Club Report*

On behalf of our members, we would like to send out a huge "Thank You" for all the donations to our bottle drive held in April. Once again we had great support! This is a big day for the club but it is our only fundraiser of the year.

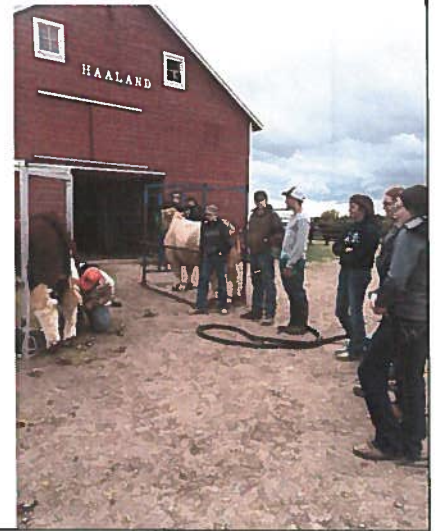

Just recently on May 23<sup>rd</sup>, the Hanley 4-H Beef club had a demonstration day hosted by Chad Haaland. Much was learned in the 4 hands-on stations including; grooming, showmanship, judging, and a mystery class. We had a great day and wrapped it up with a pot-luck BBQ.

And now the best for last....We would like to invite everyone to join us for our club's annual achievement day on June 18<sup>th</sup>. We are excited to once again be part of the Hanley Ag Fair.

#### June 18 Achievement Day Schedule:

10:00 am	Judging Demo
	Judging Classes/Oral Reasons
12:00 pm	Welcome, Pledge, Introductions
	Grooming classes
	Heifer classes
	Cow/calf classes
	Steer classes
	Showmanship classes

See you there!

### *Cemetery Committee*

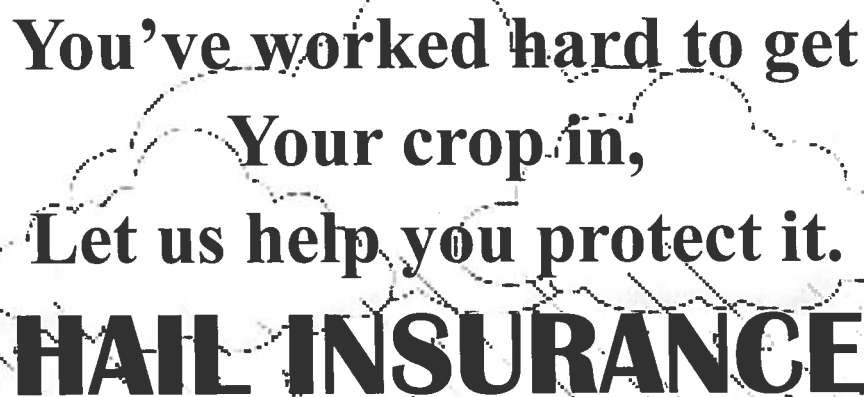

Thank you to those who trimmed around headstones last week after the cemetery had been mowed. Watch for posters asking for volunteers to continue to do this all summer.

For future planning of headstones, please consider purchasing the ones with holders attached to the bases. For existing headstones, please try to place items on the sides or very close in front of the headstones. This may help in avoiding damage to the objects and will greatly ease the work of maintenance.

Many of the full grave covers are deteriorating. For this reason, ease of maintenance and future internments, we are working toward removing these covers. If there is a cover on your loved one's grave, please contact one of the cemetery committee, telling us whether you give permission to remove it. If the cover is "all in one" we are able to saw cut the name plate away from the cover. There is no need to purchase a new headstone. Thank you to Glenn, Sylvia and Zac for removing those that permission has been granted for.

Donations to the cemetery are tax deductible and can be made at the Hanley Town Office.

If you have questions or concerns, please contact one of the cemetery committee: Cathy Thall (dthall@sasktel.net), Sylvia Kroeger (544-2884 or g.skroeger@sasktel.net), Joyce Armstrong (544-2581 or j.armstrong@sasktel.net)

You've worked hard to get
