Hanley Little Theatre

Two plays have been chosen for the 2009 season. "Sorry, Wrong Chimney" needs a cast of 3 women and 4 men. "Kitchen Witches" needs a cast of 2 women, one man and an actor that can be either male or female. Two plays have been picked so that if we can not get a cast for one play, hopefully we can get the cast for the other play. Think about becoming an actor/actress this fall. Both plays are entertaining and fun to perform. If you think you might be interested in acting in either play please contact Cindy Hoffman at 544-2853 or Heather McGregor at 544-2988. We need to know that we have interest before holding auditions.

2008/2009 Hanley Preschool Thank You

The 2008/2009 Hanley Preschool has completed another year with graduation on April 30, 2009. Included in the group are three year olds Sienna Bohrson, Trace Byrd, Brody Froese, Aime Giroux, and four year olds Kailey Byrd, Allison Roy, and teacher Shirley Englot.

The group would like to thank everyone who supported our raffles throughout the year. Special thanks to the Hanley Hardware and Trailbreak for displaying baskets and selling tickets. The winners of the raffles were, Halloween – Carla Dovell, Christmas – Carrie Frostad, Easter – Delaney McPhee.

On April 24, 2009 the group went on a Hanley town tour. Sylvia Kroeger took them to the Fire Hall in the ambulance, Wayne Walker showed them the equipment at the RM Shop and the downtown businesses provided them with treats and gift bags. The Hanley Café served fries and chicken fingers for lunch. Thank you to everyone for your time and generosity to the kids. It was an exciting day for them.

Finally, a word of thanks to the Hanley Lutheran Church for the use of their facility. It is great that they provided us with our own class room for the year.

NEW MEMBERS WELCOME

Hanley Composite High School Culture Club 2010 Students For Hire

The students of the 2010 Culture Club have been busy deciding on a trip location and an educational travel company. This year we have decided to go with a different travel company. The new agency we have decided on is EF tours, they have been in business for the past 40 years and, having talked with other schools that have traveled with them, they are an excellent alternative.

The students have decided on a 9 day trip to Costa Rica. This location was chosen for a number of reasons. The main reason is that it is less costly. Due to the rising cost of fuel in the past the prices of trips have been on an incline and unfortunately have not come down with the economy decline.

Costa Rica will provide the students with a wide range of educational experiences. They will start the trip with a biological diversity tour at the National Institute of Biodiversity then onto a walk through three different ecosystem trails exploring different plant life. They will have the opportunity to explore a volcano with its many sulphurous lakes. The group will have the chance to see first hand, coffee producers at work, then off to the jungles and rainforests. Here the students will see where a group of Alabama Quakers settled and started dairy farming. One of the many stops will be to visit a school to have a homemade lunch and interact with the students of the school. At the end of another day each student will plant a tree at a reserve for the production of oxygen for future generations. The last night all travelers are treated to a traditional meal with marimba music and local dancers.

We recognize that the community has been very generous in the past years with supporting the culture club and we are very thankful for all your help. This year we will not be going door to door asking for support. We feel though that the students have become valued as a service provider and we will be continuing with that in the form of being available for farm auctions, weddings, working the booth at our curling and hockey rinks and other duties as required. In the past, the main source of money raised for trips was made through bingos, however, due to the recent changes of policies, these are not a viable option for the group at this time. The students would like to let everyone in the community to be aware that they are ready and willing to do odd jobs in the area, this can include things such as shovelling snow, painting fences, washing floors, spring cleaning, fixing corrals, pulling weeds, etc. If you are interested in hiring a group, a pair, or just one student for your job please contact Kim Dietz at 544-2263 (keldie@sasktel.net) or Colleen Troesch at 492-2153, 241-5883 (fivesmoothstones@sasktel.net).

Hanley Parks and Recreation Update

The new playground at the Old Park will be constructed soon. As such the Splash Park will not be opening until after the construction is completed. Sorry for any inconvenience.

The Community Auction Sale was held on April 4, 2009. We raised approx. \$3900.00 and expenses were taken out of that.

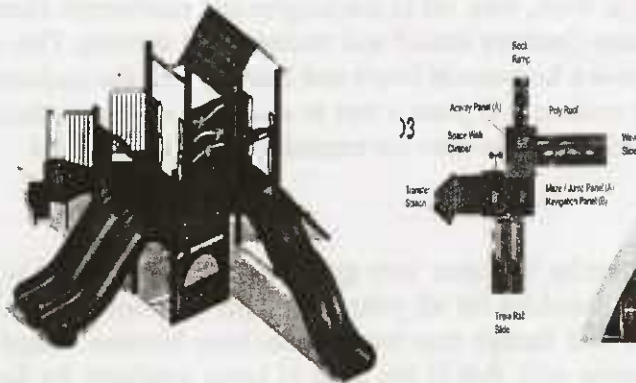

It has been very challenging to raise the money needed to put in the playground at the Old Park. We need approximately \$21,000.00 to recover all the costs associated with this project. We were very pleased to receive a donation from Affinity Credit Union in Kenaston for the amount of \$2200.00. To date, the Hanley Parks and Recreation board has raised \$15,000.00. If anyone would like to donate to this project please make a cheque payable to the Town of Hanley, and a charitable donation receipt will be issued.

We have recycle cell phone collection boxes located at Deb's Food Emporium and Trailbreak Shell for people to donate their used working or non working cell phones. We will be receiving funds for used cell phones.

We say farewell to one of our board members, Michelle Matycio. Thank-you for all you hard work this past year Michelle. If anyone would like to become a member please phone Cyndi Byrd at 544-2449 or Gwen LaFond at 544-2656 for more information. We'd be pleased to have you.
