P.O. Box 270  
HANLEY, SK S0G 2E0

Dear Waterworks Owner/Operator:

### **RE: Rescinding of Precautionary Drinking Water Advisory**

**Please be advised that the Water Security Agency is rescinding the Precautionary Drinking Water Advisory (PDWA) for the Town of Hanley's distribution system, which was issued on June 9, 2020, effective immediately, June 13, 2020.**

All necessary samples have been taken and have come back with good results. No positive bacteria were found in the two sets of samples. The repair work has been completed and all of the proper measures have been taken to put the distribution system back into service.

In consultation with the Saskatchewan Health Authority (Saskatoon Office), we agree no potential health risk currently exists for the Town of Hanley's distribution system and the advisory previously issued is hereby removed.

If you have any further questions or concerns, please do not hesitate to contact me at (306-933-8367).

Sincerely,
