

Bio: Donald Law

I have 40 years in as a pastor before I retired in Hanley. Lived in 7 different communities and have seen how these places did things. Retired in Hanley in 2011 with my wife Joan.

1. What has spurred you to run for Council?

During our time here we saw that most people were put on council because there were not enough people running. Time to step up.

2. What do you love about your Town?

We found the people in town friendly, caring, helpful and hospitable. Found enough for us to do and to get involved with.

3. What would you push to change if elected?

I would like to see all streets in town have dust treatment. Listen and see what others would like. Have balanced budgets.

4. Why do you feel you would make a good Councillor?

I feel I have learned to work with a variety of people. I would be respectful councillor willing to work hard for our town.
